Dear Mr. Suen,

I write further to my earlier email dated July 8, 2005 wherein I attached a Declaration, a Power of Attorney, and an assignment for your review and signature for filing in association with U.S. Patent Application for the SCREW-IN POST SUPPORT.

In your voicemail dated July 9, 2005, you indicated that you were going to seek legal advice. I trust that you have had sufficient time to do so. Please attend to signing the documents and returning them to me for filing purposes. If you will not sign the documents, kindly reply via email to general@psipl.com firmly stating your refusal to take part in the U.S. application.

Best regards,

C. Larry Kyle
